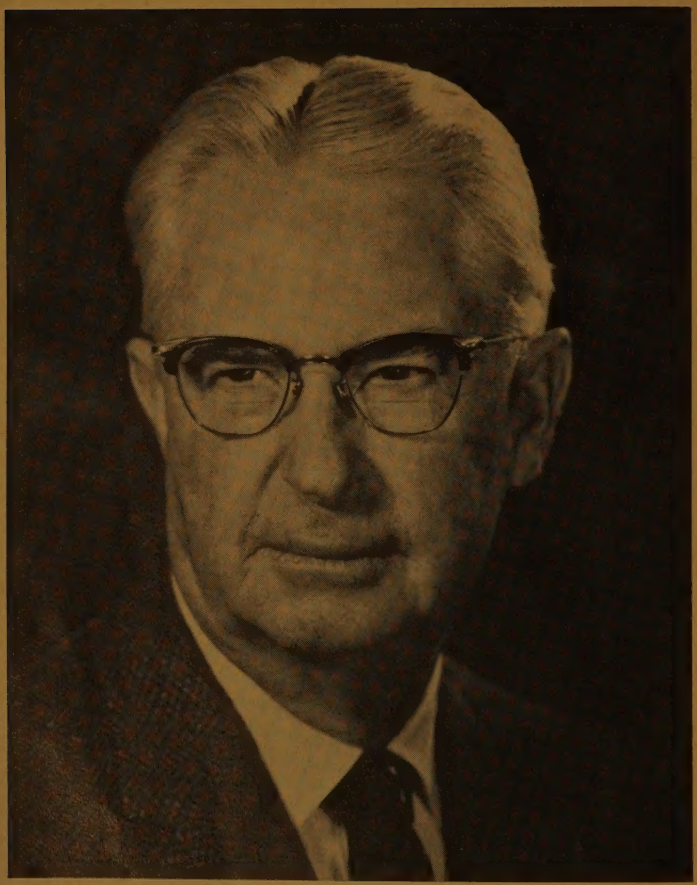
CHICAGO CIRCLE



PERCY C. EVERETT

SUPERINTENDENT
Rancho Santa Ana Botanic Garden
1940–1967

Percy Everett came to the Rancho Santa Ana Botanic Garden in 1934 and served in various capacities until he was appointed Superintendent in 1940, a position he held with distinction until his retirement at the end of 1967. We, the staff of the botanic garden, take pleasure in dedicating this volume of *Aliso* to Percy Everett, always a friend and ever willing to share his extensive knowledge of the California flora with staff and student alike.

TABLE OF CONTENTS

No. 1, March 22, 1965

Addenda to "The merosporangiferous Mucorales" III. *Dimargaris*.....Richard K. Benjamin 1

Notes on the Flora of San Clemente Island, California....Peter H. Raven 11

Wood anatomy of Cynareae (Compositae).....Sherwin Carlquist 13

The evolution of a pair of sibling allotetraploid species of Cobwebby Gilias (Polemoniaceae).....Alva Day 25

Modoc Cypress, *Cupressus bakeri* Jeps., does occur in Modoc County.....Chester O. Stone 77

Wood anatomy of Eupatorieae (Compositae).....Sherwin Carlquist 89

Chromosome numbers of Spermatophytes, mostly Californian ..Peter H. Raven, Donald W. Kyhos, and Albert J. Hill 105

The Director's Report.....Lee W. Lenz 115

No. 2, May 20, 1966

Wood anatomy of Anthemideae, Ambrosieae, Calenduleae, and Arctotideae (Compositae).....Sherwin Carlquist 1

Wood anatomy of Compositae: A summary, with comments on factors controlling wood evolution.....Sherwin Carlquist 25

Nomenclature of the California *Lupinus concinnus-L. sparsiflorus* complex.....David B. Dunn, James A. Christian, and Chester T. Dziekanowski 45

Records of hummingbird pollination in the western American flora.....Verne Grant and Karen A. Grant 51

Genetic and taxonomic studies in *Gilia*. XIII. The *Gilia laciniata* group.....Verne Grant 67

Chromosome numbers in the Allieae (Liliaceae).....Lee W. Lenz 81

The Director's Report.....Lee W. Lenz 83

No. 3, June 30, 1967

A flora of Santa Catalina Island, California ..... Robert F. Thorne 1
